

Membership Form

Association of Computer Technology Educators of Maine

ACTEM is the statewide professional association whose mission is to “*enhance and influence education in Maine through the use of technology*”. Individual membership is open to any Maine educator interested in our organization’s purpose. An Organizational Affiliate of ISTE and MEA, ACTEM sponsors the MAINEducation Conference annually in mid-October, holds four meetings each year, publishes a quarterly newsletter, sponsors advanced trainings for members, annually recognizes four outstanding educators and their schools through the *Educator of the Year Program*, and offers reimbursement opportunities to members for professional development. If a school district (SAD, Union, etc.) is an Institutional member, all schools within that district are eligible for significant price reductions on selected software. Individual members are eligible to purchase software where applicable. For more information visit www.actem.org or email Business Manager Craig Dickinson: cdickinson@actem.org.

Membership Information (Please check appropriate box):

- Institutional Membership - \$25 annually for Maine and out-of-state schools allowing for software purchase where applicable
- Individual membership - \$10 annually
- Retired membership - \$50 lifetime fee for former Maine ACTEM individual members
- Vendor membership - \$100 annually

Membership needs to be renewed annually on July 1
