G Suite Amplified Admin Certified Bootcamp

Overview

This one day training will **guide your IT staff through educational best practices** and **G Suite Admin console skills and techniques.** The bootcamp includes a series of **training lessons, hands-on exercises, real world education examples and knowledge checks** to prepare attendees for life as a school G-Suite administrator. A brief test will be given at the end of the day to assess your new found skills
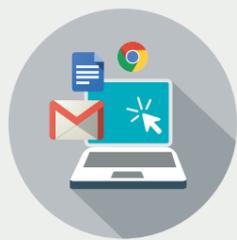

What Does the Bootcamp Provide?

A face to face training that includes hands-on experiences and peer collaboration

A G Suite for Education domain is provided for each attendee for skill and knowledge practice

Certification and Badge for Passing the Admin Console Mastery Exam

Outcomes

A greater knowledge of key approaches, settings, and techniques
Deeper insight into G Suite and its effective application in a school environment
A solid foundation in G Suite management

Audience

Current G Suite Admins
Technical focused staff
Instructional staff with G Suite management responsibilities

Prerequisites

Familiarity with IT administrative basics
3+ months experience with the Admin Console and its navigation
Basic understanding of G Suite user and service management

FAQ

I am brand new to G Suite and want to get training, is this the right training for me?
This training is for G Suite Admins who already have some experience and a basic understanding of the Admin Console.

Do I need a test domain?
No. A test domain will be provided for all attendees during the training.

Will there be a test during the day?
Yes. Our team will provide a knowledge retention and mastery test at the end of class

Will I learn things to help me pass Google Certification tests?
Yes, this EDU specific course and certification provided by Amplified IT provides comprehensive knowledge that can easily be applied to the G Suite administration skills Google may test for in the future.

How do I sign up?
